Our commitment:

In 2006, our founder Ed Ballen, LCSW, journeyed to Rwanda to volunteer with his daughter at the Hameau des Juenes orphanage. The childrens' deep desire to further their education stirred Ed to form the **Rwanda Education Assistance Project** in the spring of 2008. The acronym – **REAP** – captures our core commitment: to support each child in harvesting their greatest educational potential in the face of multiple challenges including poverty, HIV, and post-genocide trauma. We now operate a Community Learning Center and Library, offering free public programming to hundreds of children and adults in the Musha sector each year.

Our holistic approach to programming supports:

CHILDREN

- Girl Guides
- Study Tours
- Student Clubs
- Literacy & Enrichment Programs
- Early Childhood Development

FAMILIES

- Parent Evening
- Outreach & Mediation
- Prenatal and Early Childhood Nutrition Program

COMMUNITY

- Duha Teacher's Lunch
- Education Assistance Fellowship
- Adult Literacy in English & Kinyarwanda
- Oral History Project
